Dear Mr. Fritts:

**SUBJECT: INCOMPLETE APPLICATION FOR REMOVAL AND SCRAPPING OF
SUBMARINE FLOATS FROM PORT WASHINGTON NARROWS AND
REMOVAL AT SINCLAIR INLET IN PUGET SOUND (WRIA 15.910), IN
KITSAP COUNTY, WDFW LOG NO. 127694-1**

On June 16, 2012, I received your application for a Hydraulic Project Approval (HPA) for the project described above. Unfortunately, your application was incomplete. You must submit the additional information noted below to allow further processing of your application.

Written notice of compliance with the State Environmental Policy Act (SEPA), including exemption or type of determination, date of exemption or final determination date, and lead agency is required. Please contact your local planning department for information regarding SEPA requirements and procedures. You will likely need a shoreline exemption permit from the City of Port Orchard as well, please contact Stephanie Andrews for more information.

Additionally, you may still need a permit from DNR for either cutting on the beach or placement on the beach at your facility. I would recommend contacting Lindie Schmidt at WA DNR, 206-949-1740.

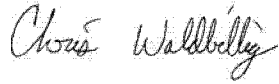

Please send the missing information and the enclosed cover sheet to Washington Department of Fish and Wildlife, PO Box 43234, Olympia, WA 98504-3234; fax to (360) 902-2946; or email to HPAapplications@dfw.wa.gov. The 45-day review period for evaluating HPA applications under RCW 77.55.021 will start when I receive the missing information.
